

# Alzheimer's Aid Society

"Forget Me Not" since 1981

## MISSION STATEMENT

The Alzheimer's Aid Society exists to provide support, education and compassion to patients and caregivers throughout the journey of Alzheimer's disease and related dementias.

## WHAT WE DO

**SUPPORT GROUPS** - Support to those dealing with multiple specific dementia types. Alzheimer's is the most widely recognized and accounts for 60% of diagnosis, it is only one type of dementia.

**LEGAL ASSISTANCE** - Families are faced with legal decisions before Alzheimer's steals a loved one's sound judgment. The society offers free consultations for legal questions that arise during the aging process.

**MINI -SERIES** – Community based informational presentations provided by experienced peers to help provide resources, advocacy and outreach.

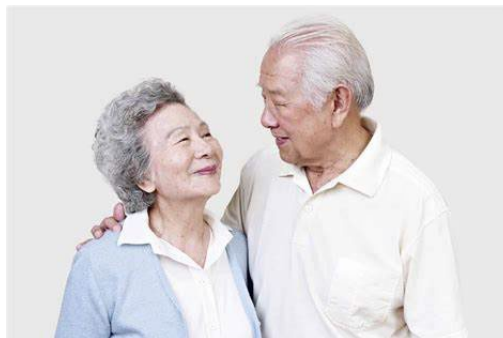

**"FORGET-ME-NOT- CLUB"** - A group for caregivers and loved ones occurs concurrently. This unique experience provides patients the opportunity to explore brain-stimulating activities while their caregivers receive respite and engage with other caregivers, creating an environment of mutual understanding and support.

**ALZHEIMER'S DISEASE RESEARCH** - Support for research through the UC Davis Alzheimer's Disease Research Center - Healthy Brain Aging Series of Lectures.

**ALZHEIMER'S AID SOCIETY** - does NOT receive any Federal, State, County or City subsidies, monies or grants. Our organization is funded entirely on private and corporate donations, bequests and fundraisers.

**"SUPPORTING THE CAREGIVER. REMEMBERING THE CARED FOR"**

The Alzheimer's Aid Society was founded in 1981 and continues to operate today thanks to the generosity of sponsors and the allocation of funds. These resources enable us to give back to the community through various programs, services, and outreach efforts for those affected by Alzheimer's and dementia.
